

Soon you will be starting First Grade.
It is an exciting time and maybe a little scary -
even for the teacher!

I put together this "First Grade First Day Kit"
to help you get ready for the big day.

Take a few minutes to have mom or dad
tell you about the special meaning of the items in the
bag
and tell them how you feel about starting first grade.

I am looking forward to getting to know you.
We have lots to learn and do together.
See you on the first day!
